I would like to take this opportunity to thank you for your assistance and help on the 7 Clovelly St. Watsons Bay project.

I found you to be diligent and professional from start to finish on the development. You were a pleasure to work with and your knowledge and skills of the industry are invaluable.

The site foreman are very luck to have you working for them and you have what it takes to manage a project or development with diligence , skill and professionalism.

Alan, I wish you all the best for the future and I hope I can call on your skills and The Site Foreman again if need be!
